Signaling Products

Bells

Adaptabel AC Vibrating Bell PLC Compatible

- For timing, scheduling or general alarm applications
- Ideal for offices and stockrooms
- Supplied complete with adapter plate
- Mounts on single gang box or octagon box

Part Number	Ampere	VA	Voltage Rating	Dimensions
3404N5ED	0.062	7.4	120 VAC	4-1/2" DIA x 2-13/32" D

Dixie Bell - General Purpose

- Ideal for light duty installations in factories, institutions, offices and OEMs
- Used as a door bell or extension signal

Part Number	Ampere	VA	Voltage Rating	Dimensions
720ED	1.20	7.0	6-8 VAC, 3-6 VDC	5-1/4" H x 3" W x 1" D

Horns

AdaptaHorn Grille Type Vibrating Horn

- Projection type AC vibrating horns
- Mounts on single gang or 4" square box

Part Number	Ampere	VA	Voltage Rating	Dimensions
874N5ED	.13	15.6	120 VAC	5" H x 2-1/8" D

Low Voltage Transformers

Series - 590

These transformers offer a compact, easy to install, low voltage power source for residential, commercial and industrial uses.

Part Number	Dimensions	Primary Volts	Secondary	
			VA	Volts
598ED	2-15/16" x 1-5/8"	120 VAC	20, 30, 30	8, 16, 24

Signaling Products

Push Buttons

High Voltage Push Button

Features:

- Rated at 250,000 operations at 1 amp, 125V
- Locknut mounting, convenient screw terminals
- Normally open contacts

Contact Rating:

12V: 15 amps AC, 24V: 15 amps AC, 48V: 10 amps AC, 125V: 5 amps AC, 250V: 5 amps AC

Part Number	Hole Depth	Description
821ED	1-3/4"	7/8" Hole Diameter, 821 High Voltage Push Button

Door Chimes

Wired Chimes

Features:

- Built-in for flush mounting
- White louvered grille can be painted to match decor
- Two note chime for front door, single note chime for second door
- Uses a 16 volt transformer (not included)

Part Number	Cover	Cutout	Housing
LA14WHNUTONE	5-5/8" x 7-7/8"	4-7/8" x 7"	1-7/8"

Wired Chimes Builder Kits

Features:

- One 2-note white door chime
- Two lighted white push buttons
- Transformer included

Part Number	Chime Dimensions (H x W x D)	Transformer	Description
BK125LWHNUTONE	5" x 9" x 2"	16 Volt, 10 VA	Includes 1 STD. Transformer
BK142LWHNUTONE	4-3/8" x 6-3/4" x 2-1/4"	16 Volt, 10 VA	Includes 1 Junction-Box Transformer

Wired Chimes

Wired Chimes Transformers

Part Number	Transformer	Description
C905NUTONE	16 Volt 10 VA for a Single Chime	Primary Voltage 120V, 16-Volt 10VA for a single chime
